Welcome New Medical Providers

"Light breeze, colorful leaves, bare trees, it must be Autumn!" Fall is the season that reminds us that change is beautiful and there are a lot of exciting changes going on right now in the nursing department. Dr. Findlay will no longer be our Medical Director as of October 1st, 2022. Dr. Findlay will be greatly missed. The assistance and support that she gave us during the COVID pandemic was invaluable. We wish her luck on her future endeavors.

We would like to extend a warm welcome back to Dr. Field, MD, who will again be our Medical Director at The Baldwin Care Center. Dr. Field focuses on "providing care focused on comfort and quality of life."

We would also like to welcome Andrea Burns, DNP, A-GNP-C. Andrea will be our Nurse Practitioner who will be assisting Dr. Field with taking great care of our residents and their medical needs.

NATIONAL ASSISTED LIVING WEEK • SEPTEMBER 11-17, 2022

The week of September 11 – 16th was Assisted Living Week. The theme for the week was “Joyful Moments.” Birchwood Apartments made JOY the theme for the month of September. We have made an “Apples of Joy” tree. Each tenant wrote something that brings them joy on an apple and we have it displayed for all to read as they go by. Some of the responses were: rain, smiles, food, cars, and our families. Thank you for sharing “JOY” with all of us!

FLU SEASON 2022-23

Fall is quickly approaching — which means the return of pumpkin spice lattes, sweater weather, and unfortunately, flu season.

Baldwin Care Center is currently working on consents and will be administering flu shots starting the week of September 19th. Birchwood Apartments and Birch Haven will be administering flu shots starting on September 23rd.

Getting the flu shot is the most important step to protect against the flu.
